INSTRUMENTS IN NFTS

# DEVET BANK **NFTs**

Our NFTs function as a financial instrument that is always growing, Time is what is responsible for giving value to our assets, avoiding abrupt market speculation.

# DEVET BANK RWA

It is an innovative solution focused on the tokenization of real-world assets, allowing physical assets to be transformed into digital representations on the Blockchain. This technology facilitates investment, trade, and management of assets such as real estate and tangible resources, making participation in previously exclusive markets accessible. RWA promotes transparency, liquidity, and interaction with physical assets, connecting the traditional financial world with the Blockchain system.

# DEVET BANK TOKENIZATION

RWA tokenization will increase from \$125.3 million in 2023 to \$2.44 billion in 2024. Estimates suggest the asset tokenization market could reach between \$16.1 TRILLION and \$68 TRILLION by 2030. 24% annual growth rate projected between 2023 and 2030. Tokenized assets exceeded \$12 billion in 2024. Major financial firms including BlackRock and Morgan Stanley are investing in RWA platforms
